@alfrbp

- Confidentiality is important – keep this in mind with all your interactions
- Connect the diagnosed with the Firefighter Cancer Support Network:
firefightercancersupport.org
- Provide peer support / EAP / behavioral health resources, including support for spouse / significant other
- Provide support through listening and checking in frequently
- Offer to assist with any family needs
- Offer to assist with appointments (driving to and from or as a notetaker)
- Encourage them to maintain organized copies of all reports and scans
- Encourage others to send cards in the mail showing support
- Set up a "meal train" if your colleague will be home for an extended period of time.
